

RESOLUTE WINS SECOND TRIAL OVER VANITIE

Conditions Almost Ideal for Test of Speed Between Would-Be Cup Defenders.

HERRESHOFF BOAT IS FAST

Result Proves Little Save That Two Yachts Are Almost Evenly Matched. Experts Are Conjecturing.

Rye, N. Y., June 3.—Sailing under almost perfect weather conditions, the Herreshoff-designed yacht, Resolute, defeated Alexander C. Cohan's Vanitie off here today in the second trial race for seventy-five-foot sloops, candidates for America's cup defender in the races set for September against Sir Thomas Lipton's challenger, Shamrock IV.

The Resolute's victory came after a twenty-five and one-half mile race on Long Island Sound by eleven seconds. On estimated corrected time, adding the Resolute's time, this was increased to three twelve seconds.

Both boats were satisfied at having seen the two cup defense aspirants competing under far more favorable conditions than those prevailing in yesterday's initial contest, when the Vanitie won by a big margin. The Resolute's experts felt that to-night they had a better chance of winning the two sloops than could be formed from Tuesday's race.

Both sloops were reached after to-day's test at about the same time, for the race, a boat to windward, proved to be beyond the fact that the Resolute is a faster boat than the Vanitie. The latter's moderate air, the Vanitie's sails are set with a fair breeze, and although in a run-off wind and although the advantage of several weeks' training was on the side of the Vanitie, the Resolute showed clearly. Until the Vanitie was clearly in the lead, the Resolute was in a strong wind close following the Vanitie, and the Vanitie's lead was not so wide as it appeared to be.

Considering the handicap, the result of to-day's struggle would appear to indicate that the pair are fairly evenly matched. Captain Adams, of the Resolute, gained a decided advantage in the jockeying at the start and won honors by holding his yacht in a fine position to weather the Vanitie. The Vanitie, however, held throughout the race, although the Cohan rapidity at the finish.

The first leg was a beat to windward and a run on the return. The course had to be covered twice. The Resolute crossed the finish line twelve seconds ahead, the official time being: Resolute, 12:16:39; Vanitie, 12:16:42.

The Resolute appeared at far better advantage in the heavier breeze than the Vanitie. The latter's lead was not so wide as it appeared to be. The Vanitie's lead was not so wide as it appeared to be. The Vanitie's lead was not so wide as it appeared to be.

INTERNATIONAL POLOISTS SPEND AN IDLE DAY

New York, June 3.—The international poloists spent an idle day, but both players and officials found amusement in attending the Duke of Devonshire's polo. There will be only one practice game to-morrow at Meadow Brook, when the regular poloists will take the field against a combination composed of the Duke of Devonshire, Lord Wimborne, Captain Lockett and some of the Duke's poloists.

Lord Wimborne is credited with the statement that for a certain Captain Lockett will be in the regular line to-morrow, and the positions will be Captain Tomkinson, No. 1; Captain Cheape, No. 2; Major Harris, No. 3, and John A. Traill, back.

A rumor was current that the sides may change after the first game, but, so as to even up matters, the fact that Lord Wimborne and Captain Lockett are going on the official program as substitutes mean that Lockett will not play in the regular team except Traill meets with an accident.

The official announcement of the American team was made by the Polo association. The Vanitie representatives will be Rene LaMontagne, No. 1; J. M. Waterbury, Jr., No. 2; Devereaux Silburn, No. 3; Lawrence Waterbury, No. 4. The selected substitutes will be Malcolm Stevenson, C. C. Runsey and H. C. Phelps.

The important office of referee for the international has not been officially filled, but there has been a suggestion that the Duke of Devonshire, the Spanish player who crossed with the onerous task. Johnson, the English player, will act as umpire for the American side, and the official timekeeper will be W. Struthers Jones.

INJUNCTION IS SUSTAINED IN "CHIEF" JOHNSON CASE

Indian Pitcher Restrained From Pitching for Any Club Except Cincinnati in Illinois.

EMBRUONIC RAID IS NIPPED

Feds, Says Report, Were Ready to Grab Big League Stars Had Restraining Order Been Dissolved.

Chicago, June 3.—Judge Foell, in the Superior Court of Cook County, today sustained the injunction restraining "Chief" Johnson from pitching for any team except the Cincinnati Nationals, and by his decision stopped what threatened to be the first of a series of raids on organized ball ever made. Scores of players, including a dozen of the best, were ready to "jump" Johnson's case had been decided in favor of the Kansas City Federals, whom he joined after deserting Cincinnati.

Contracts, it is said, had already been signed depending only on the contingency that the pitcher's "jump" would be held legal.

The injunction, of course, restrained Johnson from playing only within the State of Illinois, but while he could have pitched in games outside the State, the Kansas City club declined to let him, rather than take the chance of prejudicing his case.

The Cincinnati club obtained the temporary injunction on April 23. Johnson has taken part in no contests since.

The Kansas City club prayed for dissolution of the injunction, arguing among other contentions that the contract Johnson signed with Cincinnati was invalid because of the "ten-day" clause, and that the "jump" was forcing a player to perform only for the team with which he has a contract.

Judge Foell, at the request of the Federal League, granted an appeal and twenty days for filing certificate of evidence.

Steen then went in the box and stopped further scoring. In the tenth six solid runs and the Naps netted their four runs and the game. Score: Chicago, 4; Detroit, 2.

St. Louis Beat Tigers
Detroit, June 3.—Carl Wellman's pitching was too much for the Tigers to-day, and St. Louis won, 7 to 1. Eleven Detroit hits were so well scattered that not a run came until the ninth, when Dubuc's pinch two-bagger broke the ice. Covaletski was found for five runs in the first three innings, and Reynolds was also batted hard in the two rounds he worked. Leary started with the stick, getting two triples in a double. SOUTH RICHMOND**WILL BURY JAMES KIDD TO-DAY IN MAURY CEMETERY**

Funeral Services of Boy Who Fell From Roof This Afternoon at 5 o'clock.

INSURANCE AGENT IS FINED \$25

Stewart Denies Charge Brought Against Him by Mrs. McElwaine, and Notes Appeal From Police Court Sentence.

The funeral services of James Kidd, fourteen years old, of 217 East Ninth Street, who died yesterday afternoon at 12:30 o'clock from injuries sustained in a fall from the roof of the building at 1903 Hull Street, will be held this afternoon at 5 o'clock from Central Methodist Church, Rev. W. A. Cooper, the pastor, will officiate. Interment will be made in Maury Cemetery. The boy, who is the son of Hugh L. Kidd, was employed in the office of the Yorkland Estate Company, which occupies the building from which he fell.

Young Kidd had been in the habit of running over the roof, but it is thought that yesterday morning he tried to do a hairbreadth stunt to impress his two companions, Leon and Allen Livesey, who were watching him. He caught hold of the pipe on the wall, and started to slide down. The slender support gave way, hurling him to the pavement, a drop of thirty feet.

Mrs. E. G. Hill, Lawrence Ingram and E. T. Harker were called to aid in response to an emergency call, and found him unconscious. They rendered treatment while awaiting for the City Hospital ambulance, which carried him to the Virginia Hospital. The boy suffered a fractured skull, a broken arm and was badly injured internally. He died shortly after reaching the hospital.

The crossing over the railroad will be made level with the rest of the street, which was widened some time ago by the city. Four railroad tracks will be spanned by the arch. The congestion of traffic will be greatly relieved, it is expected, by the improvement, and the street cars will be able to make better time.

The music pupils of Mrs. L. B. Lloyd will give their final recital to-night at 8 o'clock in St. Andrew's Baptist Church. All friends and relatives of the class are invited to be present.

Blood Tonic Has Important Meaning

Puts the Right Sort of Vim Where Most Needed.

To tone the blood means to enable it to throw off accumulated impurities, to increase the red corpuscles and to put the blood-making organs into such active condition as to produce that conscious sensation of what we feel as health.

This is the logical result of using the famous blood purifier, S. S. S. If the people you meet complain of weary muscles, sluggish brain, languid nerves, and a wonderful desire to lay down and just quit. Most of these people have been using nothing to do down again as they must. Avoid nerve stimulants. Bear in mind that this worn-out feeling is due to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles, and to what is known as auto-toxemia, the condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

S. S. S. has long been famous as a blood purifier, and its action by eliminating the irritating poisons that infect the blood, is one of the very important things to know. You can get S. S. S. at any drug store, but take no other so-called blood purifier. S. S. S. is purely a vegetable product. And you will make a great mistake to buy some enthusiast's palm of a mercury, arsenic or other irreparable harm to the body.

S. S. S. is prepared by The Swift and Specific Co., 533 Swift Bldg., Atlanta, Ga., and if you have any doubt as to its genuineness, write to their Medical Dept. for free advice. It will be worth your while to do so.

An appeal was taken by Stewart, who denied the charge against him. Mrs. McElwaine testified that Stewart had made improper advances toward her when she went into her room to pay him a bill.

Southside Delegates at Unveiling.

Chesterfield Chapter, United Daughters of the Confederacy, will be represented at the unveiling of the monument in the Arlington National Cemetery in honor of the Confederate dead by Miss Alice Bohmer Ridd, Mrs. J. M. Gregory and Miss Imogene Gregory. The party will be accompanied to Washington by Miss Cook and H. A. Ridd. They will leave this morning and return to-night.

In Police Court.

William Graham, colored, was sentenced to twelve months on the roads by Justice Maurice yesterday in Police Court, Part II, on the charge of shooting at Julia Brooks, colored.

Temperance Meeting To-Night.

Rev. E. J. Richardson, of the Anti-Saloon League of Virginia, will be the principal speaker at the meeting of the Virginia Constitutional Club to-night in Bainbridge Street Baptist Church. L. R. Brown, the president, will preside. A strenuous campaign will be made by the club for prohibition in the State-wide election in September. The organization, which was recently formed, has a membership of 250 citizens.

Personal and General.

An apron and the party will be given to-morrow night at the home of Mrs. J. A. Verrill, 956 Perry Street, for

the benefit of Troop No. 30, Boy Scouts of America.

Mr. and Mrs. John P. Crostie, who were quite recently married here on May 25, have returned home from their bridal tour, and after June 15 will make their home in Woodland Heights. Mr. and Mrs. R. Z. White and daughter, Mary Francis, of 910 Maury Street, were called yesterday to Rockingham County on account of the illness of Mr. White's mother.

Pupils in the Southside schools enjoyed a half day holiday yesterday, the classes being abandoned in honor of the birthday of Jefferson Davis. Squire Stephen G. Cowan, of Bon Air, has recovered from his recent illness. Mrs. N. P. Neblett, of Cherfield County, has returned home from a visit to friends in Wintercock.

ADD \$2,000,000 TO INCOME.**Steel Men Notified of Increased Rate on Slag and Waste.**

Pittsburgh, June 3.—Steel manufacturers were to-day notified by railroad districts that beginning June 15 a new tariff would be filed with the Interstate Commerce Commission governing the transportation of slag and other waste material from furnaces and mills. While the new rate has not been made public, steel men believe it will be 20 cents for slag and 35 cents for excavating material and other waste. The increase, it is estimated, will add \$2,000,000 annually to transportation charges. Heretofore the cost has been nominal, railroads being glad to secure slag for ballasting. This, however, has been growing less each year for a number of years, and the disposal of the vast quantity of slag accumulated every day is becoming a serious problem.
